Florida

Florida has enacted 13 abortion restrictions but has the third lowest number of supportive policies in the country, along with 2 other states. If the health of women and children is truly a concern for the state, policymakers' time and effort would be better spent increasing the number of policies that are known to support women and children, rather than enacting harmful abortion restrictions.

13 of 18
Abortion Restrictions

1. Ambulatory surgical center standards imposed on facilities providing abortion
2. Hospital privileges or alternative arrangement required for abortion providers
3. Restriction on which health care providers may provide abortions
