Georgia has enacted 12 abortion restrictions but has the fifth lowest number of supportive policies in the country, along with 5 other states. If the health of women and children is truly a concern for the state, policymakers’ time and effort would be better spent increasing the number of policies that are known to support women and children, rather than enacting harmful abortion restrictions.

1. Ambulatory surgical center standards imposed on facilities providing abortion
2. Hospital privileges or alternative arrangement required for abortion providers
3. Restriction on which health care providers may provide abortions

4. Gestational age limit for abortion set by law
5. Medication abortion restrictions
6. Method abortion bans

TRAP / PROVIDER RESTRICTIONS

7. Restrictions on abortion coverage in Medicaid
8. Restrictions on abortion coverage in private health insurance plans
9. Restrictions on abortion coverage in public employee health insurance plans
10. Restrictions on the allocation of public funds
