Washington

Washington has the third lowest number of abortion restrictions in the country, along with 6 other states, and has enacted 17 of 25 supportive policies. State lawmakers should continue passing policies that are known to support women and children instead of enacting harmful abortion restrictions.

**Abortion Restrictions**

1. Ambulatory surgical center standards imposed on facilities providing abortion
2. Hospital privileges or alternative arrangement required for abortion providers
3. Restriction on which health care providers may provide abortions
4. Gestational age limit for abortion set by law
5. Medication abortion restrictions
6. Method abortion bans
7. Restrictions on abortion coverage in Medicaid
8. Restrictions on abortion coverage in private health insurance plans
9. Restrictions on abortion coverage in public employee health insurance plans
10. Restrictions on the allocation of public funds
11. Mandatory counseling prior to abortion
12. Parental involvement required before a minor obtains an abortion
13. Requirement to have or be offered an ultrasound
14. Waiting periods required between time of first appointment and abortion
15. Bans on the basis of sex, race, or fetal diagnosis
16. Number of abortion providers per women aged 15-44 is below the national average
17. Health care providers can refuse to provide abortion services
18. Trigger and/or pre-Roe abortion bans
19. Affordable Care Act Medicaid expansion
20. Telephone, online, and/or administrative renewal of Medicaid/CHIP
21. Above average Title X funding per patient
22. Contraceptive parity law in place
23. IVF insurance or fertility preservation laws
